

IAOM Eurasia Conference and Exhibition Postponed

We wish you, your families and colleagues to be healthy and safe in these days when we are going through a difficult period again with the Omicron variant, which has emerged due to the unexpectedly increasing cases all over the world after the New Coronavirus (COVID-19) epidemic.

As the Eurasia Directorate of the International Operational Millers Association, we have been working for a long time to hold our Conference and Exhibition in Istanbul on February 10-13, 2022 in order to facilitate the supply of flour, our main food source, and to establish an effective communication with our colleagues and suppliers. We were waiting for.

As known; Necessary warnings and recommendations against the Omikran epidemic, which is seen all over the world and spreading rapidly, were received and put into practice by the Turkish Ministry of Health and the public authority. After the meeting of the Board Members of the Ministry of Health on January 5, it was estimated that the Omicron variant would reach the highest level in the world and in Turkey in mid-February.

In Turkey as well as in the world; in addition to measures such as distance, mask and hygiene rules, measures such as working from home, gradually organizing educational activities, limiting social life for temporary periods are considered. Recommendations and evaluations are now made for the postponement of collective events such as conferences, exhibitions and meetings.

In line with the conditions and practices of the Exhibition Center where the meeting will be held, we have reluctantly postponed our meeting to **19-22 May 2022**, to be held again at the Lutfi Kırdar Congress and Exhibition Center.

We would like to thank you for your cooperation and support in this matter, and we would like to emphasize the necessity of continuity. We hope that you and your family, relatives and colleagues are in good health and safety. Please do not hesitate to contact us for all kinds of support, needs and cooperation.

Regards.

Dr. Eren Günhan Ulusoy
Director
IAOM Eurasia
