

XIII International Conference «Black Sea Grain: Trade Must Go On»

April 20-21, 2016

InterContinental hotel, Kiev, Ukraine

"Black Sea Grain" Conference – is an international platform aimed at discussion of topical issues and prospects of the global and Black Sea agri commodities markets. Since its establishment in 2004, "Black Sea Grain" became one of the largest global grain forums.

"Black Sea Grain" offers an excellent environment for discussion of trends in agricultural market, supports development of business strategies in a rapidly changing environment and provides great networking opportunities.

The Conference is attended by international producers and crushers of grains and oilseeds, agri holdings, traders, banks and investment funds, shipping, brokerage, insurance, surveying, law and consulting companies. In 2015 "Black Sea Grain" Conference was visited by nearly 600 representatives of 520 companies from 52 countries.

In 2016 "Black Sea Grain" will focus on:

- New factors in formation of agrarian and export policies of the Black Sea countries;
- Impact of the Black Sea grain and oil crops supply on the global food, feed and biofuel industry;
- Correlation between energy crisis and agricultural production;
- Growing influence of capital markets on global agrarian sector;
- Factors promoting yield increases in the basic grain crops;
- Rising production costs and competitiveness of the Black Sea agricultural produces;
- Growth of Asian economies and their role in the agricultural consumption;
- Logistics of the Black Sea region: new channels of grain crops delivery;
- Tax reform and its impact on competitiveness of Ukrainian agri commodities;
- Outlook for agrarian sector in the upcoming 2016/17 season.
